

Local Championship Guidelines and Progression to USTA League State Championships

- 1) Final standings will determine flight winners and advancement to Local Championships, or directly to State Championships in the event of only one flight. Any flights that are scheduled to play a complete round robin followed by additional matches as part of a second round, the top two teams in those flights will advance to the Local Championships.
- 2) Final standings are determined by the number of team wins in round robin play. The following procedure is used to break any ties in round robin play during the local season:
 1. Individual Matches: Winner of the most individual matches in that flight or division
 2. Head to Head: Winner of head-to-head match
 3. Sets: Loser of the fewest number of sets
 4. Games: Loser of the fewest number of games
 5. Game Winning Percentage: Total games won divided by total games played
 6. Toss of Coin
- 3) Teams that accept a spot in the Local Championships must have enough players available to win a team match, otherwise the entire match is a default and an automatic grievance will be filed.
- 4) Home courts for Local Championships will be determined by random draw prior to the start of the season. The Local League Coordinator may rearrange the match dates to accommodate conflicts with match locations. The intent, when applicable/possible, is for all teams to host at least one match.

If the required minimum number of courts to host a team match are not available, or there are no lights at the home team's facility on the date of the scheduled match, courts may be reserved at the visiting team's facility. If courts cannot be reserved at the visiting team's facility on the date of the scheduled match, a neutral facility will be used. Please note, public park operated sites in close proximity of one another - Jeff Adams, Park Road and Queens Sports Complex - are considered interchangeable as home courts for Local Championship matches.

- 5) Local Championship matches may be scheduled for any weekday in traditional morning or evening time slots or at anytime on Saturday/Sunday.
- 6) At the discretion of the Local League Coordinator, dates, times and locations may change due to weather, conflicts with another Charlotte Metro League championship match or regular season match, or other unknown events (see #9).
- 7) Teams playing in Local Championships should be prepared to play anytime during the championship period. In the event of inclement weather and a conflict with another Charlotte Metro League championship match that match will be scheduled for the same time on the next day as weather court conditions permit.
- 8) The home team provides USTA approved tennis balls for the match
- 9) Considerations will be made for players participating in other USTA league events only where they are representing the Charlotte Metro League. If a team has a conflict with players participating on a team in another Charlotte Metro League **regularly scheduled** championship match, scheduled for the same time, rescheduling of lines will be based on the number of players in conflict. **We request that captains work together to resolve the conflicts that may occur due to rained out matches. Lines in conflict need to be played by or on the mandatory match date that is set by the Local League Coordinator.**

The second team notified of their championship match where the conflict is identified, will be the team to reschedule. In order to reschedule, captains must notify the Local League Coordinator of the conflict within 48 hours of notification of team advancing to championships, including the number of players involved.

Number of Players in Conflict	Number of Lines Allowed to Reschedule (Teams with players in conflict will choose lines to reschedule)
1 player	1 line (singles or doubles)
2 players	1 or 2 lines (any combination of singles and doubles, up to two lines)
3 players	1 to 3 lines (any combination of singles and doubles, up to three lines)
4 players	1 to 4 lines (any combination of singles and doubles, up to four lines)
5 or more players	1 to 5 lines (any combination of singles and doubles, up to five lines)

A complete round robin followed by additional matches as part of a second round:

1. In the event a flight plays a complete round robin followed by additional matches, the top two teams in those flights will advance to the Local Championship.
2. In the event there is more than one flight for the Local Championships, 1st and 2nd place teams from the same regular season flight will be placed in different flights.
3. Wildcards will be chosen from flights where a 2nd place team is not already advancing to championships. A 2nd place team will advance before a 3rd place team.

Players must play in a minimum number of regular season matches to be eligible to advance to Local Championships and State Championships (players on teams advancing directly to the State Championships, are exempt from the following):
